- Rub across all part of the hands
- Rinse off with clean water
- Dry thoroughly

SCJ PROFESSION

deb

FORMAT: FOAM

FEATURES	BENEFITS
Perfume-free and dye-free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
Non tainting and assessed according to HACCP guidelines	When used as directed in food production and preparation areas, the product does not influence the quality and safety of foodstuffs.
Skin Hypoallergenic	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.
Mild preservative	Specially formulated with one of the mildest preservatives to reduce the risk of skin irritation from using this product.
ECARF Certified <sup>1</sup>	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for being well tolerated by sensitive skin. ecarf-siegel.org/en/about-seal.
Contains Glycerin	A skin moisturiser to help prevent drying and leave the skin feeling smooth after use.
Formulated with a low pH value (5.5 - 6.5)	Formulated to maintain the skin's acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance.
Washes away over 99% of dirt and germs	Just a single pump is required to deliver highly effective skin cleansing when used properly.
Readily Biodegradable	The formula and each of its carbon containing ingredients will decompose into simple, non-toxic substances in 28 days or less in accordance with OECD301F standard.
EU Ecolabel Certified <sup>2</sup>	The product is certified to have a reduced environmental impact through its life cycle, from extraction of raw materials through to its production, use and disposal. www.ecolabel.eu
High quality smooth foam	Pleasant silky-smooth skin feel when washing; helps reinforce good hand washing practice.
Convenient, quick and easy	Dispenses foam on the hands which is instantly ready for washing and quick & easy rinsing from hands and sinks.
Excellent cost in use	Highly economical, only one dose is required to provide effective hand cleansing. Provides over 30% more washes and uses 36% less product compared to lotion soap.
Reduces water consumption	Can save up to 45% on water consumption compared to lotion soaps.
Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.

### Perfume-free & Dye-free Gentle Foam Hand Wash

#### STATUTORY REGULATIONS

This product is a cosmetic product regulated by and complying with Regulation EC No 1223/2009 (as amended) on Cosmetic Products. Contains biodegradable surfactants in accordance with the Detergents Regulation 648/2004 (as amended).

#### SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from www.debgroup.com/uk/msds.

#### SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature.

#### SUITABLE FOR USE IN FOOD HANDLING

CLEAR FOAM PURE as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

- Impact on smell and taste of foodstuffs The formulation has been independently tested according to 'Sensory Analysis -Methodology - Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food.
- 2. Possible toxic effects of ingredients An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause any adverse toxicological effects.

#### **QUALITY ASSURANCE**

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

#### CERTIFICATIONS

#### ECARF Seal of Quality

This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. Cosmetics can receive the seal of quality for meeting the following criteria:

- 1. Quantitative risk assessment of the product ingredients with respect to their potential for skin sensitisation, taking into account their specified conditions of use and amount.
- 2. Medically supervised clinical trials by volunteers with atopic dermatitis.
- Approved system of quality control management. For more information go to http://ecarf-siegel.org/en/about-seal.

#### **EU Ecolabel Certification**

CLEAR FOAM PURE has been awarded the European Ecolabel: registration number UK/030/007.

The product meets the strict requirements of the EU Ecolabel, the voluntary label promoting environmental excellence. The official EU mark promotes products that are designed to have a reduced environmental impact by having a reduced impact on aquatic ecosystems, contain more environmentally friendly ingredients and minimise waste production by reducing the amount of packaging. Visit www.ecolabel.eu for more information.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Independent clinical dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models, shows the product to be non-irritating in use.

#### **Product Safety Assessment**

The product has been independently assessed for human toxicity and product stability. Overall, this item can be considered safe for the intended use; use on the hands of adults and children of all ages.

#### EFFICACY TESTS

#### Skin Hypoallergenic

The perfume -free and dye-free formulation did not demonstrate a potential for eliciting dermal irritation or sensitisation after conducting an independent 8 week Repeat Irritation Patch Test (RIPT).

Allergy sufferers should always refer to the ingredient list before using the product.

#### Water Saving

Independent tests show that washing hands with foam soap rather than lotion soap can reduce average water consumption by as much as 45% (Report: How a simple change in the washroom can significantly reduce water consumption and associated costs. Durrant and McKay, 2011).

#### Dirt Removal

The hands of healthy volunteers were prewashed, treated with an artificial soil media and washed using a dosage size of 1 shot (0.7ml) of CLEAR FOAM PURE. The residual dirt and cleaning efficacy, respectively was determined after each wash procedure and in this test 99.4% of visible dirt was removed.
