

F167 : DYMASCUB

NEUTRAL LOW FOAM DETERGENT

DYMASCUB	F167
----------	------

neutral low foam detergent

description	
application	DYMASCUB is a low foaming floor cleaner which has been specifically developed for use in automatic scrubber-dryers. It may be used on most types of floor surfaces, except unsealed wood or cork. DYMASCUB may also be used for other cleaning operations where high levels of foam would normally create problems.
directions	For general purpose cleaning and lightly soiled areas, prepare 1% - 2% solution of DYMASCUB in water and pour into the detergent tank of the scrubber-dryer. For heavily soiled floors, a 5% solution of DYMASCUB is recommended. After the normal cleaning operation the floor may be machine buffed to produce a gloss.

Technical

Composition	A blend of soaps, nonionic surfactants and sequestrants
Appearance	Clear liquid
Colour	orange
Cloud Point	>60
Density	1.011
pH	8.0 - 9.0
Fragrance	Lemon
Stability	2 years in a unopened container

Biodegradability All surfactants contained in Selden Products meet the requirements of the EU Detergent Directive 2005 – 2004/648/EC. This requires all surfactants to break down both quickly and completely into harmless material such as CO2 and water.

Product is for professional use only.
