DESCRIPTION

From wiping up grime, oil and grease to soaking up food prep spills, having the right wipe on hand is crucial to your operation. A clean, absorbent and durable alternative to paper towels, rags and shop towels, WypAll® offers a wide range of task-specific wipes and cloths designed to meet your industry needs and enhance your confidence in every clean. The General Clean™ range helps create a clean work environment with effective light-to-medium duty general cleaning solutions. No matter which surfaces they come into contact with throughout their day, give your employees and visitors greater peace of mind by providing proven cleaning and disinfecting workplace hygiene solutions to help break the chain of germ transmission. Deliver on your wiping task, every time, with the WypAll® L20 wiping paper range. WypAll® L20 General Clean™ Medium Duty Wipes are designed for the specific environments where it will be used and comes in mid-size, portable, durable centrefeed rolls; the ideal solution for more demanding cleaning and maintenance tasks. These blue paper rolls are also compatible with the quick-loading, versatile and easy-clean Aquarius™ centrefeed dispensing system (7017). WypAll® brand embossing increases sheet strength owing to unique pattern ply-bonds across the entire surface of the sheet, also delivering an enhanced appearance and feel to every sheet of WypAll® L20 blue roll. The 2 ply, single use, blue wiping paper with embossing technology will manage water spills, spray and wipe cleaning and drying or cleaning hands effectively and efficiently, delivering a great balance of performance and value. Blue roll is also designed to be easily detectable in contamination critical environments. These disposable wipers come at the value you would expect from a single use wiper, but with exceptional strength and absorbency resulting in fewer wipers needed and less money spent. WypAll® L20 wiping paper can be used with detergent or disinfectant. These industrial wipers have been tested as compatible for use in spray and wipe application with peracetic acid, hydrogen peroxide and quats (quaternary ammonium compounds). Spray and wiping compatibility helps to ensure workers can wipe their own workspaces, vehicles, desks, seating and food prep areas before and after use. When these dry cleaning wipes are used for spray and wipe it also helps to enable production workers to clean down/canitate individual workstations before hand off to the next shift. For environments where fully saturated wiping is a requirement, these WypAll® L20 wipers

Blue centrefeed roll format is compatible with a quick loading, versatile and easy-clean wiper dispenser; Compatible with Aquarius™ centrefeed dispenser (product code 7017)

WypAll® brand embossing delivers an enhanced appearance and feel to every sheet of wiping paper
