PRODUCT SPECIFICATION & TECHNICAL DATA

FV05 - Composite Wire Lace Leather Mid Boot S7S HRO FO SC LG SR

Collection: Wire Lace System
Range: Foot Protection
Material Upper: Full-Grain Nubuck Leather
Material Outsole: PU/Rubber
Outer Carton: 6

Product information

The FV05 combines all-weather protection with lightweight safety, featuring a waterproof nubuck leather upper alongside a composite toe cap and composite midsole. Integrated PU scuff cap and heel counter reinforcements help protect high-wear areas, preserving the appearance and extending the lifespan of the leather upper. For enhanced visibility in low-light working environments, the heel counter incorporates a reflective window to improve wearer awareness. The boot also features a convenient speed-wire lacing system, providing quick, secure fastening and easy adjustment throughout the day. Underfoot, the dual-density PU/Rubber outsole delivers excellent cushioning and long-lasting comfort, while offering outstanding grip and HRO-rated heat resistance for reliable performance across a wide range of demanding environments.

Wire Lace System

The innovative wire lace system is designed with double strength wire for excellent durability. Features include a raised texture on dial for better fastening grip, rubberised dial chassis for better abrasion and a quick release push/pull locking clasp. Engineered central cavities aids wire tension across the vamp of the shoe and is specially positioned on the shoe to ensure a levelled, all-over, comfortable fit.

Foot Protection

Innovation, design, styling and quality components define the Portwest foot protection collection.

Standards

EN ISO 20345:2022 +A1:2024 S7S (HRO FO SC LG SR)

Features

- Waterproof membrane for dry foot comfort
- Heat resistant outsole 300ºC
- Pierce resistant composite midsole
- Bellow tongue construction for better resistance to water penetration
- Composite toecap for added protection
- Ladder grip
- Energy absorbing seat region
- Slip resistant
- Padded tongue
- Padded collar for added comfort
- Back pull-tab for ease of getting onto the foot
