PRODUCT SPECIFICATION & TECHNICAL DATA

FV06 - Composite Nubuck Mid Boot S7L LG FO SR SC

Collection: CompositeLite
Range: Foot Protection
Material Upper: Full-Grain Nubuck Leather
Material Outsole: PU/Rubber
Outer Carton: 4

Product information

The FV06 is designed to deliver outstanding comfort, protection and visibility in demanding work environments. A waterproof membrane prevents moisture penetration, helping to keep feet dry and comfortable throughout the working day. The robust dual-density PU outsole combines excellent underfoot cushioning with superior slip resistance, while offering fuel and oil resistance and an integrated certified ladder grip for enhanced safety when working at height. Engineered with wearer comfort in mind, the FV06 features a cushioned footbed with additional underfoot padding to reduce fatigue during prolonged periods on the job. Reflective panels integrated into the upper enhance visibility in low-light conditions, helping workers remain more noticeable on site. A unique addition to the Portwest footwear range, the FV06 incorporates highly reflective upper materials covering approximately 30% of the boot's surface area. Research has shown that workers are recognised significantly sooner when reflective elements are positioned on moving parts of the body, such as the ankles, knees and wrists. By increasing visibility around the foot and ankle area, the FV06 helps improve wearer conspicuity in low-light and high-risk environments.

CompositeLite

An exceptional range of safety footwear which is lightweight, flexible and metal free. Portwest Compositelite footwear contains non metallic protective fibreglass toecaps and/or non metallic protective midsoles.

Foot Protection

Innovation, design, styling and quality components define the Portwest foot protection collection.

Standards

EN ISO 20345:2022 +A1:2024 S7L (LG FO SR SC)
AS 2210.3:2019 S3 (WR SRC)

Features

- Superbly cushioned comfort footbed reducing foot fatigue
- Reflective label for improved visibility
- Angled top line for better fit and leg flexibility
- Padded collar for added comfort
- Bellow tongue construction for better resistance to water penetration
- Back pull-tab for ease of getting onto the foot
- Full grain leather
- Waterproof membrane for dry foot comfort
- Composite toe cap
- Pierce resistant composite midsole
- Oil resistant outsole
