Collection: Hearing Protection

Range: Hearing Protection

Materials: ABS, Mono PU, Polyoxymethylene, TPR, Nylon, Foam

Outer Carton: 20

Product information

Our HV extreme premium colour coded ear defenders offer helmet-mounted hearing protection that ensures superior noise attenuation, now available with plastic arms for safe use if non-conductive PPE is required. The ear defenders are specially designed to be used with Portwest Endurance and Height Endurance helmets, and can be easily attached to the helmets for a secure and comfortable fit. With medium attenuation performance, our ear defenders are perfect for environments where noise levels can be harmful. The colour-coded cups make it easy to identify the correct attenuation level, ensuring maximum protection.

Hearing Protection

Hearing problems occur when you are exposed to hazardous working conditions without wearing the correct protective equipment.

Hearing Protection

Hearing problems occur when you are exposed to hazardous working conditions without wearing the correct protective equipment.

Standards

EN 352-3 (SNR 26dB)
