The Tork SmartOne Twin Mini Toilet Roll Dispenser is an efficient and very robust dispensing system suitable for demanding washrooms with high traffic. By holding two rolls and sheet-by-sheet dispensing, consumption is reduced by up to 40 % when compared to a traditional jumbo roll dispenser which means more visits per roll.

- The single-sheet dispensing helps to reduce consumption by up to 40 %
- It is hygienic because guests only touch the paper that they use
- It has an extremely robust design with a metal key and lock that protects the roll and stops theft
- An extra high capacity saves maintenance time and ensures that paper is always available
- The twin roll dispenser allows rolls to be used to the end minimising the stub roll waste
