- Cleans and disinfects
- Bleach free - Suitable for use on most non-porous surfaces
- Odourless - Suitable for food contact surfaces
- Suitable for use in most fogging machines
- Available in 750ml and 5 Litre sizes

### HOW TO USE

Product is ready to use. Can be used to refill trigger bottles.

Disinfecting surfaces – Spray directly onto surface and leave for a minimum of 5 minutes before wiping with a clean, damp cloth. Can be applied directly using a clean cloth.

Fogging machines – Always follow equipment manufacturers instructions. Use neat at a ratio of approx. 1 litre per 100m<sup>3</sup> area. Remove all soft furnishings or cover with a polythene sheet before fogging to avoid over wetting of fabrics. Observe all PPE advice and ensure occupants are removed before fogging. Remove any plants before fogging. Turn off any ventilation or air conditioning systems and switch off or cover any sensitive electrical equipment. Fog according to machine instructions (usually 30-60 mins). Allow surfaces to dry naturally before returning the area to use.

For food contact surfaces, rinse and wipe dry before reuse.
