

TRAFFIC FILM REMOVER

USE

Heavy duty, Alkaline liquid cleaner for traffic soil removal with pressure washer.

DESCRIPTION

Powerful, heavy duty detergent for use with all types of high pressure power wash machines. Removes road film & general soiling from the bodywork & chassis of heavy goods vehicles, coaches, buses & tractors.

FEATURES & BENEFITS

- High quality concentrated detergent, for use with all types of high pressure machines
- Also removes grease from plant machinery & equipment
- Suitable for cleaning vehicle bodywork & curtain sided vehicles
- Ideal for cleaning chassis prior to MOT inspection
- Highly recommended for general cleaning of soiled areas, such as floors & walls, especially where a disinfectant is to be used

HOW TO USE

Heavy Soiling & Chassis: Dilute 40ml per 5 litres of cold water (1:125).

General Soiling: Dilute 20ml per 5 litres of cold water (1:250).

Spray surface, ensuring all areas are covered with the solution. Leave for one minute & rinse thoroughly with clean water.
