Health & Safety

Please refer to relevant COSHH Safety Data Sheet

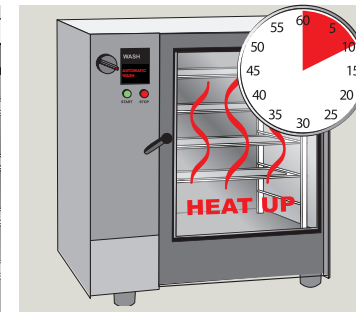

Scan for further product details

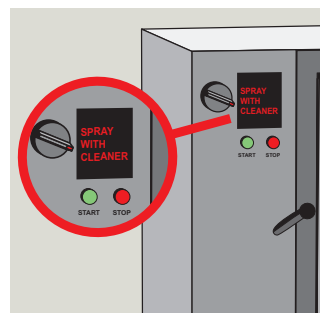

1 Use appropriate PPE as indicated in the Safety Data Sheet and place Safety Signs.

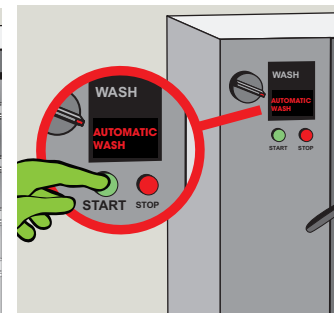

2 The detergent concentration should typically be 0.5% - 2% depending on level of soiling. Select Automatic wash and press start/stop key.

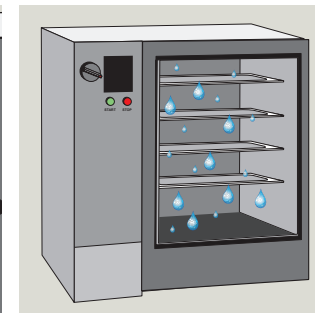

3 Oven will heat or cool to the required temperature.

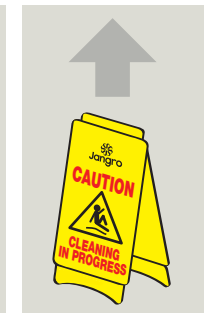

4 Wait until the oven has reached temperature.

5 Restart programme and allow to complete wash cycle.

6 Rinse oven thoroughly and leave to air dry.

7 Remove Safety Signs.

For guidance only, please refer to the handbook of your particular appliance prior to use.
