

FOAMING HAND WASH LUXURY 5L

Page: 1

Compilation date: 14/10/2020

Revision No: 1

Section 1: Identification of the substar	nce/mixture and of the company/undertaking
[
1.1. Product identifier	
Product name:	FOAMING HAND WASH LUXURY 5L
Product code:	BF002-5
1.2. Relevant identified uses of the	substance or mixture and uses advised against
Use of substance / mixture:	Foaming Hand Soap.
1.3. Details of the supplier of the sa	afety data sheet
Company name:	Jangro Ltd (UK) Jangro (Europe) Ltd
	Jangro House 6-9 Trinity Street
	Worsley Road Dublin 2
	Farnworth D02 EY47
	Bolton Ireland
	BL4 9LU
	UK
Tel:	+44 (0) 1204 795 955 Dublin Tel: 01 617 7911
Email:	enquiries@jangrohq.net
1.4. Emergency telephone number	
Emergency tel:	+44 (0) 1204 795 955 (8am-5pm)
	(office hours only)
Section 2: Hazards identification	
2.1. Classification of the substance	or mixture
Classification under CLP:	This product has no classification under CLP.
2.2. Label elements	
Label elements:	
Precautionary statements:	P305+P351+P338: IF IN EYES: Rinse cautiously with water for several
-	minutes. Remove contact lenses, if present and easy to do. Continue
	rinsing.
2.3. Other hazards	
	This product is not identified as a PBT/vPvB substance.
Section 3: Composition/information or	1 ingreaients
3.2. Mixtures	
Hazardous ingredients:	

FOAMING HAND WASH LUXURY 5L

 contact lenses, if present and easy to do. Continue rinsing. Ingestion: Wash out mouth with water. Inhalation: Remove victim to fresh air. 4.2. Most important symptoms and effects, both acute and delayed Skin contact: There may be pint and redness at the site of contact. Eye contact: There may be pint and redness. The eyes may water profusely. There may be severe pain. Ingestion: There may be pain and redness of the mouth and throat. Inhelation: No specific symptoms noted. Dolayed / immediate offects: Immediate effects can be expected after short-term exposure. 4.1. Indication of any immediate metal attention and special treatment needed Immediate / special treatment: Not applicable. Extinguishing media: Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. 5.2. Special hazards arising from the substance or mixture Exposure hazards: Not applicable. 5.3. Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. exton 6: Accidental release measure: 6.1. Personal precautions, protect: Fursonal precautions, protect: equipment and emergency procedures Personal precautions: Do not attempt to take action without suitable protective clothing - see section 8 of SDS. 		Skin contact:	Wash immediately with plenty of soap a	and water.	
Ingestion: Wash out mouth with water. Inhalation: Remove victim to fresh air. 4.2. Most important symptoms and effects, both acute and delayed Skin contact: There may be irritation and redness at the site of contact. Eye contact: There may be pain and redness. The eyes may water profusely. There may be severe pain. Ingestion: There may be soreness and redness of the mouth and throat. Inhalation: No specific symptoms noted. Delayed / immediate effects: Immediate effects: Immediate affects can be expected affer short-term exposure. 4.3. Indication of any immediate meetres Immediate offects: immediate / special treatment: Not applicable. ection 5: Fire-fighting measures Suitable extinguishing media for the surrounding fire should be used. Use water spray to cocl containers. 5.1 Extinguishing media: Suitable extinguishing media for the surrounding fire should be used. Use water spray to cocl containers. 5.2 Special hazards arising from the substance or mixture Suitable extinguishing media for the surrounding fire should be used. Use water spray to cocl containers. 5.1 Advice for fire-fighters Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. ection 5: Accidental release measures: Surrouter with skin and eyes. ection 5: Accid		Eye contact:	IF IN EYES: Rinse cautiously with wate	r for several minutes. Remove	
Inhiation: Remove vicitin to fresh air. 42. Most important symptoms and Ext, both acute and delayed Skin contact: There may be printation and redness at the site of contact. Eye contact: There may be pain and redness. The eyes may water profusely. There may be severe pain. Ingestion: There may be soreness and redness of the mouth and throat. Inhibition: No specific symptoms noted. Dolayed / immediate offects: Immediate effects can be expected after short-term exposure. 43. Indication of any immediate mediate effects can be expected after short-term exposure. Immediate / special treatment: A1. Indication of any immediate mediate Not applicable. Extinguishing mediate Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. 51. Special hazards arising from twister spray to cool containers. Not applicable. 51. Advice for fire-fighters: Var eself-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. ection 6. Accidental release measure: Immediate release measure: 61. Personal precautions, protective attem at emergency procedures Immediate protective clothing - see section 8 of SDS.			contact lenses, if present and easy to d	lo. Continue rinsing.	
4.2. Most important symptoms and effects, both acute and delayed Skin contact: There may be irritation and redness. The eyes may water profusely. There may be severe pain. Eye contact: There may be somess and redness of the mouth and throat. Inflation: No specific symptoms noted. Delayed / immediate effects: Immediate effects: Immediate offects: Immediate effects: an be expected after short-term exposure. 4.3. Indication of any immediate metical attention and special treatment needed Immediate / special treatment: Immediate / special treatment: Not applicable. ection 5: Fire-fighting measures Suitable extinguishing media 5.1. Extinguishing media Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. 5.2. Special hazards arising from the substance or mixture Exposure hazards: 6.3. Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. ection 6: Accidental release measures: Exposure hazards: 6.1. Personal precautions, protective equipment and emergency procedures Exposure for all effects equipment and emergency procedures 6.1. Personal precautions: Do not attempt to take action without suitable protective clothing - see section 8 of SDS.		Ingestion:	Wash out mouth with water.		
Skin contact: There may be irritation and redness at the site of contact. Eye contact: There may be pain and redness. The eyes may water profusely. There may be severe pain. Ingestion: There may be soreness and redness of the mouth and threat. Inhalation: No specific symptoms noted. Delayed / immediate effects: Immediate effects: Inmediate of any immediate effects: Immediate offects can be expected after short-term exposure. 4.3. Indication of any immediate metical attention and special treatment needed Immediate / special treatment: Immediate / special treatment: Not applicable. ection 5: Fire-fighting measures Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. 5.1. Extinguishing media: Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. 5.2. Special hazards arising from the substance or mixture Exposure hazards: 6.3. Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to provent contact with skin and eyes. ection 6: Accidental release measures: Exposure hazards: 6.1. Personal precautions, protective equipment and emergency procedures Exposure index with skin and eyes. ection 6: Accidental release measures: Exposure index with skin and eyes.		Inhalation:	Remove victim to fresh air.		
Eye contact: There may be pain and redness. The eyes may water profusely. There may be severe pain. be severe pain. There may be soreness and redness of the mouth and throat. Inhalation: No specific symptoms noted. Delayed / immediate effects: Immediate effects can be expected after short-term exposure. 4.1. Indication of any immediate metal attention and special treatment needed Immediate / special treatment: Immediate / special treatment: Not applicable. ection 5: Fire-fighting measures: Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. 5.1. Extinguishing media: Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers. 5.2. Special hazards arising from t+= ustance or mixture Suitable extinguishing apparatus. 6.2. Environmental precautions

Environmental precautions: No special environmental concerns.

FOAMING HAND WASH LUXURY 5L

6.3. Methods and material for containment and cleaning up

Clean-up procedures: Wash the spillage site with large amounts of water.

6.4. Reference to other sections

Reference to other sections: Refer to section 8 of SDS.

Section 7: Handling and storage

7.1. Precautions for safe handling

Handling requirements: No special handling requirements.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Store in a cool, well ventilated area. Keep container tightly closed.

7.3. Specific end use(s)

Specific end use(s): No data available.

Section 8: Exposure controls/personal protection

8.1. Control parameters

Workplace exposure limits: No data available.

DNEL/PNEC Values

DNEL / PNEC No data available.

8.2. Exposure controls

Engineering measures:	No special requirement
Respiratory protection:	Respiratory protection not required.
Hand protection:	Not required.
Eye protection:	Not required.
Skin protection:	No special requirement.

Section 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

State:	Liquid		
Colour:	Colourless		
Odour:	Pleasant		
Evaporation rate:	No data available.		
Oxidising:	No data available.		
Solubility in water:	Soluble		
Viscosity:	No data available.		
Boiling point/range°C:	No data available. Melting point/range°C:	No data available.	
Flammability limits %: lower:	No data available. upper:	No data available.	
Flash point°C:	No data available. Part.coeff. n-octanol/water:	No data available.	
Autoflammability°C:	No data available. Vapour pressure:	No data available.	
Relative density:	No data available. pH:	4.5 - 5.5	
VOC g/l:	No data available.		[cor

FOAMING HAND WASH LUXURY 5L

Page: 4

9.2. Other information

Other information: No data available.

Section 10: Stability and reactivity

10.1. Reactivity

Reactivity: Stable under recommended transport or storage conditions.

10.2. Chemical stability

Chemical stability: Stable under normal conditions.

10.3. Possibility of hazardous reactions

Hazardous reactions: Hazardous reactions will not occur under normal transport or storage

conditions. Decomposition may occur on exposure to conditions or materials

listed below.

10.4. Conditions to avoid

Conditions to avoid: Heat.

10.5. Incompatible materials

Materials to avoid: Strong oxidising agents. Strong acids.

10.6. Hazardous decomposition products

Haz. decomp. products: No data available.

Section 11: Toxicological information

11.1. Information on toxicological effects

Toxicity values: No data available.

Symptoms / routes of exposure

Skin contact:	There may be irritation and redness at the site of contact.
Eye contact:	There may be pain and redness. The eyes may water profusely. There may
	be severe pain.
Ingestion:	There may be soreness and redness of the mouth and throat.
Inhalation:	No specific symptoms noted.
Delayed / immediate effects:	Immediate effects can be expected after short-term exposure.

Section 12: Ecological information

12.1. Toxicity

Ecotoxicity values: No data available.

12.2. Persistence and degradability

Persistence and degradability: Biodegradable.

12.3. Bioaccumulative potential

Bioaccumulative potential: No bioaccumulation potential.

FOAMING HAND WASH LUXURY 5L

	Page: 8
12.4. Mobility in soil	
Mobility:	Readily absorbed into soil.
12.5. Results of PBT and vPvB asse	ssment
PBT identification:	This product is not identified as a PBT/vPvB substance.
12.6. Other adverse effects	
Other adverse effects:	Negligible ecotoxicity.
Section 13: Disposal considerations	
13.1. Waste treatment methods	
Disposal operations:	Larger volumes should be sent for disposal by an approved waste
	contractor.
Disposal of packaging:	Dispose of as normal industrial waste.
NB:	The user's attention is drawn to the possible existence of regional or
	national regulations regarding disposal.
Section 14: Transport information	
Transport class:	This product does not require a classification for transport.
Section 15: Regulatory information	
15.1. Safety, health and environmer	ntal regulations/legislation specific for the substance or mixture
Specific regulations:	Not applicable.
15.2. Chemical Safety Assessment	
Section 16: Other information	
Other information
