Urinal & Toilet Cleaner Sachet

ntrl

Instructions for use:

Place safety Sign & use the appropriate PPE as indicated in the Safety Data Sheet.

Fill the refill bottle to the 1 litre fill line with cold water. With dry hands add 1 x Urinal & Toilet Cleaner Sachet.

Replace cap and shake well. Allow time for the solution to thicken before use.

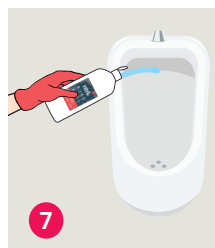

Put down toilet seat and flush the toilet.

Plunge the toilet brush into the water 3-5 times. This lowers the water level and allows cleaner to attack scum line.

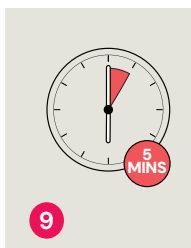

Apply to the toilet bowl under the rim, allowing full coverage.

In a urinal, apply from the top to cover fully.

Scrub with toilet brush to generate foam for extra cling.

Allow up to 5 minutes contact time.

Scrub the toilet to remove dirt and scale deposits.

Flush the toilet or urinal to rinse.

Remove safety signs.

Areas of Use

Scan me for further product details including COSHH Safety Data Sheet

Cleaning equipment must be cleaned with products from the ntrl range, do not mix with other cleaning chemicals.
