Jangro

COSHH RISK ASSESSMENT

Jangro Premium Moisturiser (5 Litre)

Product Code: BK138-5

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 2 x 5 litre PCR bottles in a cardboard carton. Delivered in single containers if required.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is secure at all times.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Store at moderate temperatures in dry, well-ventilated area. Keep in original container.	Minimal risk of spillage if caps are firmly in place. Caps are not child proof. Keep out of reach of children	Under normal conditions of storage and use, hazardous decomposition products should not be produced. Store all containers below chest height to minimise risk of dropping. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Apply a pea sized amount to clean DRY hands and rub in well, paying particular attention to sensitive areas e.g. around fingernails, broken skin, between fingers etc. Product should rub dry within 30 seconds, if the product is over applied skin will feel sticky, but the excess can be wiped off.	Avoid contact with eyes, may cause eye irritation. May cause a light irritation of the linings of the mouth, throat, and gastrointestinal tract.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use.	Cosmetic Product, PPE not required
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	If eye contact occurs, rinse immediately with clean water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists: Get medical attention. If ingested, giving nothing or a little water to drink. Get medical attention if unwell.	Ensure that the product is disposed of under local authority regulation procedures. Not classified to be hazardous to the aquatic environment.	Ensure that all operatives are aware of the First Aid equipment.
