Dated: 16<sup>th</sup> February 2026

## Steroplast Sterile Saline Wipes statement

To whom it may concern,

The MHRA and UKHSA published the following Press releases

26<sup>th</sup> June 2025 – Patient Safety alert

4<sup>th</sup> August 2025 – Press Release on Burkholderia Stabilis Outbreak and non-sterile wipes

5<sup>th</sup> February 2026 – Press Release reminding the public on Burkholderia Stabilis Outbreak and non-sterile wipes

Please note the Steroplast Sterile Saline Wipes are not connected or affected by the outbreak and are now the type of wipe recommended by the new guidelines. The Sterile wipes are to be used instead of the potentially contaminated non-sterile wipes. They are safe to be placed into First Aid kits and can be used on broken skin. These safe wipes are clearly marked as Sterowipe – Saline Sterile Wound Cleansing Wipe (Steroplast Product reference 9021).

With Regards
