

JanVac D12 Dry Tub Vacuum

USE

Ideal for use in commercial establishments including hotels, restaurants and offices. Performs efficiently on small surface areas like carpets, rugs and hard floors.

DESCRIPTION

A dry use professional vacuum cleaner. Extremely compact, easy to use and ergonomic thanks to the practical handle with combined cable reel and silenced wheels.

FEATURES AND BENEFITS

- Following our commitment for eco-sustainability, the components are made with recycled plastic.
- Extremely flexible hooks
- Screwing Connection - hose always fastened
- EcoMotor - best performance with maximum energy saving
- EcoBrush - powerful combi nozzle for high cleaning efficacy
- EcoBag - high efficiency filtration and containment
- New ergonomic solution
- Reliable construction for intensive use

HOW TO USE:

Hard floors: Open brush bar using switch at top so that bristles of the brush are out. Then close the air regulation on the handle and turn vacuum on. Vacuum desired area.

Carpet: Close brush bar using the switch at the top so that bristles are no longer out. Open air regulation on the handle and vacuum the carpeted area.

Clean every part of the appliance after each use: empty the tank, shake the filters, replace filtering bag if it's full and clean the machine with a damp cloth before storing the vacuum cleaner.
