| DYMABLADE | C012 |
|-----------|------|

|                    |   |
|--------------------|---|
| <b>description</b> | DYMABLADE is a low odour detergent degreaser which is especially effective as a light oil emulsifier, in garages and engineering plants. DYMABLADE is a low odour formulation which makes it ideal for use in food processing plants and kitchens. DYMABLADE is suitable for use through high pressure hoses. |
| <b>directions</b>  | For removal of heavy deposits of grease and fat, dilute 1 part DYMABLADE to 20 parts hot water. For general cleaning, dilute 1 part DYMABLADE to 100 parts hot or warm water. More dilute solutions can be used for general cleaning of floors, walls, paintwork and most hard surfaces.                      |

| Technical          |  |
|--------------------|--|
| <b>Composition</b> | A blend of nonionic emulsifiers and solubilising agents with chelating agents. |
| <b>Appearance</b>  | Opaque liquid  |
| <b>Colour</b>      | Yellow   |
| <b>Viscosity</b>   | 80 centistokes   |
| <b>Density</b>     | 1.01   |
| <b>pH</b>          | 10.4 – 11.2  |
| <b>Fragrance</b>   | Odourless  |
| <b>Stability</b>   | 2 Years stored in unopened containers in ambient temperatures.                 |

|                         |  |
|-------------------------|--|
| <b>Biodegradability</b> | All surfactants contained in Selden Products meet the requirements of the EU Detergent Directive 2005 – 2004/648/EC. This requires all surfactants to break down both quickly and completely into harmless material such as CO2 and water. |
