

# Swarfega® Jizer

Water rinsable parts degreaser that will quickly dissolve heavy deposits of mineral oil, grease, tar, bitumen and waxes

## Features & Benefits

**Powerful** - Effective dissolving action will remove heavy deposits of mineral oil, grease, tar, bitumen, and waxes from a wide range of metals, plastics and painted surfaces.

**Economic** - Concentrated strength and high absorption rate ensures only a small amount will remove a high level of soiling.

**Effective** - Quickly and thoroughly cleans engines, motors, components and parts and machinery and tools.

**Safe** - High flash point of not less than 61°C makes it safer to use than most other degreasers.

**Prevents Corrosion** - Added rust inhibitor helps reduce corrosion during the degreasing process.

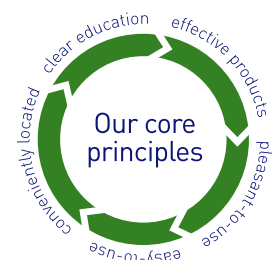

**Versatile** - Can be used for removing oil and grease marks from many floor surfaces, tar spots and oil from body work and cleaning paint brushes.

**Water Rinsable** - Special emulsifiers ensure soilings can be easily rinsed off with water leaving surfaces clean and non-greasy.

**Compatible** - With all metal and metal components and will not stain or damage most plastics, synthetic rubber or paints.

**Reusable** - Rapidly separates from dirt and grime for repeated usage and high economy in use.
