

DYMASHEEN	B012
------------------	-------------

description	Dymasheen is a maintenance product for use on floors previously coated with any DYMA branded metallised floor polishes. Dymasheen may be used for both damp mopping and spray burnishing.
directions	For damp mopping, use 1 part DYMASHEEN to 20 parts water, allow floor to dry before machine buffing. For spray burnishing, use 1 party DYMASHEEN to 8 parts water. This is particularly effective on heavy traffic areas. Heavily soiled areas should be first scrubbed with a mild solvent based detergent, i.e. DYMACLENS . Use only pads recommended for buffing. DO NOT USE on unsealed wood or cork floorcoverings. PROTECT FROM FROST.

Technical	
Composition	An aqueous blend of polyethylene wax emulsions, surfactants, perfumes and dye
Appearance	Opaque thin liquid
Colour	Pink
Viscosity	<10 cps
Density	1.000
pH	8.5 - 10.0
Fragrance	Fresh
Stability	2 years in a unopened container
Biodegradability	All surfactants contained in Selden Products meet the requirements of the EU Detergent Directive 2005 – 2004/648/EC. This requires all surfactants to break down both quickly and completely into harmless material such as CO2 and water. All biocides/disinfectant/preservatives contained within Selden products fully comply with the EU Biocidal product Directive 98/8/EC, ensuring a high level of protection for humans, animals and the environment.
Storage	Store at ambient temperatures

Product is for professional use only.
