recyclable packaging.

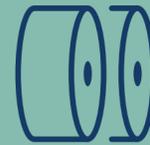

Discover the perfect balance of Hygiene. Efficiency. Sustainability.

Enhanced Hygiene

Touchless dispensing – one wipe clean with no dirt traps. Fully enclosed rolls.

Highest Capacity

Ideal for busy washrooms, with 1,666 sheets per fully loaded dispenser – **The highest capacity twin centrefeed toilet tissue system.**

Touchless Dispensing

Protected, fully enclosed rolls with single sheet dispensing for **maximum hygiene** – only touch the sheet you use.

Fewer Blockages

Effective paper dispersal for **fewer toilet blockages.**

Never-run-out Twin Roll Design

Never-run-out twin roll design means **tissue doesn't run out** and fewer refills so less chance for cross contamination.

Maximum Efficiency

Controlled one-sheet dispensing system for **increased efficiency and reduced waste.**

A Sustainable Choice

Controlled dispensing reduces product use and so less storage and transportation is needed. Product is produced from **100% recycled, FSC certified fibre.** Packaging is 30% recycled and 100% recyclable.

Patented Loading Design

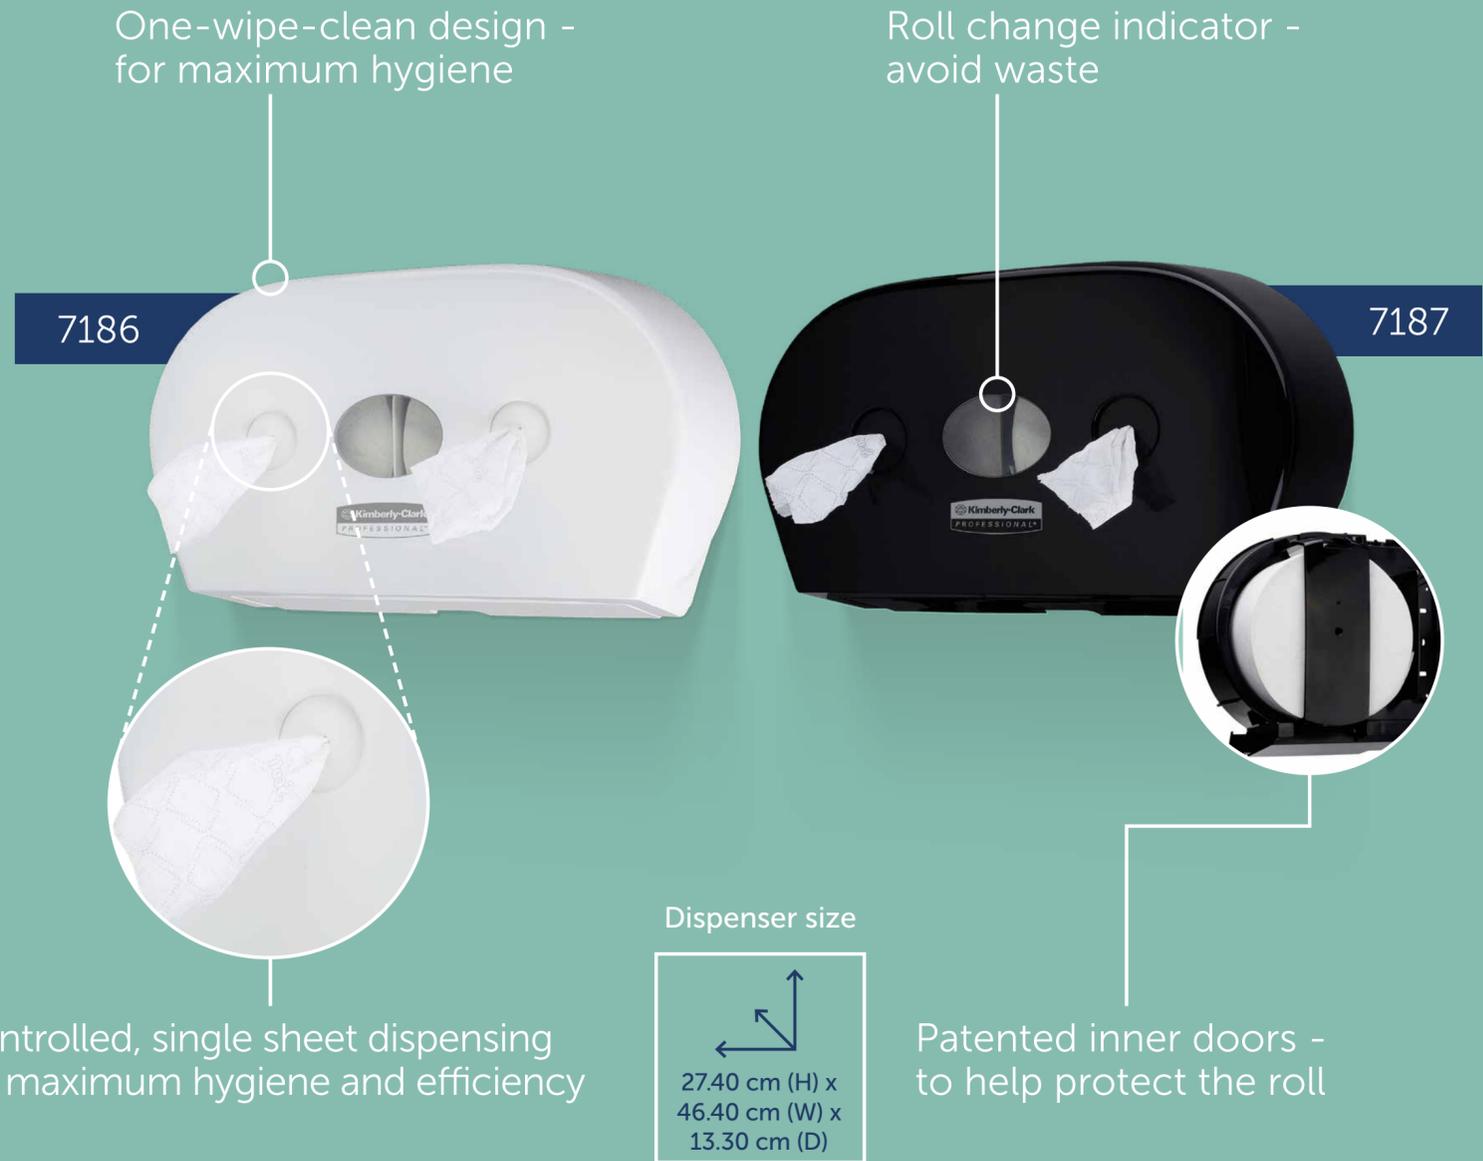

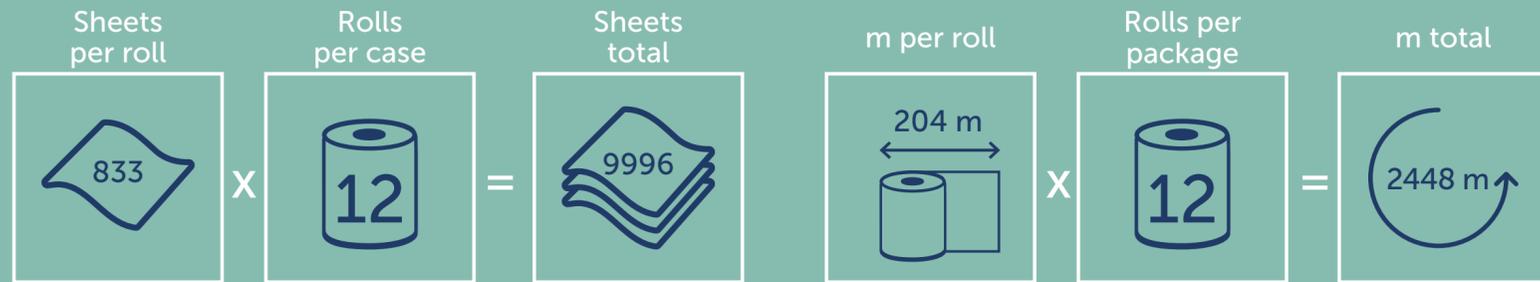

Helps protect partially used rolls – delivering improved reliability and 100% tissue availability.
