

TRAFFIC FILM REMOVER

Double Strength

USE

Heavy duty, Alkaline liquid cleaner for traffic soil removal with pressure washer.

DESCRIPTION

Powerful, extra strength heavy duty detergent for use with all types of high pressure power wash machines. Removes road film and general soiling from the bodywork and chassis of heavy goods vehicles, coaches, buses and tractors.

FEATURES & BENEFITS

- High quality concentrated detergent, for use with all types of high pressure machines
- Removes road film from heavy goods vehicles and grease from plant machinery and equipment
- Suitable for cleaning vehicle bodywork and curtain sided vehicles
- Ideal for cleaning chassis prior to MOT inspection
- Highly recommended for general cleaning of soiled areas, such as floors and walls, especially where a disinfectant is to be used

HOW TO USE

General soiling: Dilute with up to 1:8 parts water.

Light soiling: Dilute 1:4 parts water.

Heavy soiling and chassis: Dilute 1:2 parts water. Chassis cleaning prior to pouring into detergent feed tank. Adjust feed rate as required, typical final dilution 2%. Lightly spray vehicle and allow to soak for up to 5 minutes. Rinse thoroughly using high pressure spray.

N.B. Do not use on aluminium or galvanised surfaces. Do not allow the product residue to dry out on the vehicle or staining may occur. Always rinse thoroughly.
