

Oven Cleaner

USE

Heavy duty Oven Cleaner ideal for use in kitchens, food processing areas and all general industries. For oven use only.

DESCRIPTION

Clean ovens are vital for providing individuals with quality food items that are free from unwanted contamination, tastes and aromas. Our powerful oven cleaner is effective in removing the most stubborn baked-on grease and dirt.

FEATURES & BENEFITS

- Suitable for use on the interior of enamelled ovens
- Ensures that your oven appliances are running efficiently
- Concentrated solution so product is cost effective
- Unperfumed and food safe
- Do not use on aluminium, copper, brass, marble, painted surfaces or appliance lettering, heating element or fan.
- Do not use on self-cleaning ovens
- Not suitable on porous or old, worn or cracked surfaces or oiled or polished wood.

HOW TO USE

Ensure surfaces are cold before use. Remove any loose deposits. Using a cloth or trigger bottle, apply liberally on surfaces to be cleaned and leave for 5 minutes. Wipe off with a cloth or abrasive pad, rinsing frequently to prevent clogging. For heavy soiling, repeat application. Rinse surfaces and allow to dry before use.
