

# T018 : Graffiti Remover

for plastics and polycarbonates

### Description of product

New solvent blend which safely and effectively removes graffiti from plastic and polycarbonate surfaces without damage – will not cause blooming or the surface to turn opaque. Surfactant system allows a unique “wash off” rinse away property so preventing residue waste on the surface. Low viscosity ensures quicker and more effective surface penetration than traditional gels.

### Product Uses

Advanced graffiti remover suitable for use against aerosol paint yet will not damage polycarbonate and plastics.

### Directions

Spray onto graffiti. Allow sufficient time to penetrate. Wash off with plenty of clean water. Do not allow neat product to dry on surface.

**iN Insight Supported**

iN Insight is Selden's interactive product selection and training system. Enables the user to create full COSHH training kits, wallcharts, task cards and more. visit <http://www.selden.co.uk/insight>

**iN Insight recommended product uses**

Special - graffiti removal from sensitive surfaces (inc plastics / painted surfa

neat

typical dilution

**Product Hazards and PPE Requirements**
