

BG067-5

Specification Sheet

Graffiti and Gum Remover

USE

Effective for removing graffiti and gum from hard surfaces.

DESCRIPTION

Neutral and non-flammable organic solvent.

HOW TO USE

No need to dilute, use product neat. Clean or wipe the surface then apply product liberally over the affected area. Leave product to penetrate for 3-5 minutes. Rub area with a wipe or brush to remove any marks or graffiti, or use scraper to remove gum. Wipe surface with a clean dry cloth. Repeat process as necessary.
