Numatic

Powerful, Professional Cleaning

SUSTAINABLY Made

HIGH-Efficiency

BUILT to Last

Why Buy?

Packed full of great features, providing powerful and professional cleaning from a high-efficiency, long-life motor...

Numatic

Sustainably Engineered

Engineered using a minimum 45% of the highest quality recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

High-Efficiency

Equipped with a high-efficiency, high-performance, long-life motor.

Built to Last

Providing the same tough, heavy-duty Numatic construction as always.

Compact & Convenient

Equipped with a long cleaning reach, on-board tool storage and stores neatly away.

Handy Cable Replacement

A unique system for quick and easy changing of cable, if damaged during use.

A Tool for Every Job

Tackle hard-to-reach areas with the precision cleaning kit.

45%

Recycled Plastic Content

45% represents the minimum use of recycled plastic in the ReFlo Vacuum range, including kits and accessories.

Sustainably Made and Built to Last

We engineer many of our products from the highest quality recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

ReFlo Technology uses high-quality recycled, post-industrial material from the automotive industry, which are diverted from landfill or incineration.
